

### **Declaration of consent for plagiarism detection**

The Chair of Managerial Accounting ensures academic integrity and high quality of scientific work by checking for plagiarism in theses using PlagScan software. PlagScan deletes uploaded data according to the GDPR.

Students benefit from a professional plagiarism check in several ways:

- The Chair offers you the opportunity to check for plagiarism two weeks before submission, allowing correction for final submission in case of plagiarism detection.
- Checking for plagiarism assures and documents your academic honesty in case of any future (external) plagiarism check.
- PlagScan is a widely used commercial software. The Chair bears all the costs for the plagiarism check.
