Important Information

This guideline will help you to find **suitable modules** for your **Learning Agreement**.

Learning Agreement/Online Learning Agreement

Together with the application for admission, exchange students must submit a **Learning Agreement** that reflects their **proposed study plan**.

For Erasmus students, an Online Learning Agreement (OLA) is mandatory. The OLA is generally initiated/created via your home university - please clarify at your home university how to create the OLA.

All other students (Non-EU, Free Mover) use the **Leuphana template** provided here:

<https://www.leuphana.de/en/institutions/international-center/coming-to-leuphana/exchange/module-selection.html>.

Please find additional information on how to complete the (Online) Learning Agreement on the last page of this document.

Module Selection

At Leuphana University, all programs of study are **module based**. A **module** may consist of several components/courses that have to be attended (e.g. Lectures, Seminars, Tutorials). Attention: Modules must be taken as a whole, it is not possible to enrol for single components. **Credit Points (CP)** are only awarded for **whole modules**! This entails that you list only module codes and module titles in your (O)LA.

The standard semester workload comprises 30 CP (ECTS) credits. A standard module comprises 5 CP (ECTS).

Course catalogue/ myStudy portal

Please find the course offer for each subject at Leuphana University in the corresponding catalogue (course catalogue).

The course catalogue is available at the **myStudy portal** via

https://mystudy.leuphana.de/portal/home?setLocale=en_GB, which you can access for this purpose with a guest account.

The **Leuphana course catalogue** for each semester is released only a few weeks prior to the start of the semester. However, you can make a **preliminary choice of modules** based on course catalogues of previous semesters.

Academic Questions

Academic questions should be directed to your home university's program coordinator. In addition, you will find a coordinator for each exchange program at Leuphana University here: <https://leuphana.adv-pub.moveon4.de/home-page-1642/>.

Selecting modules: Step-by-Step Guide

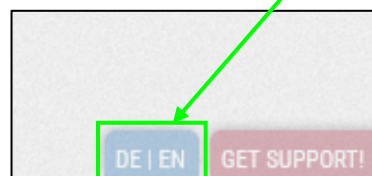

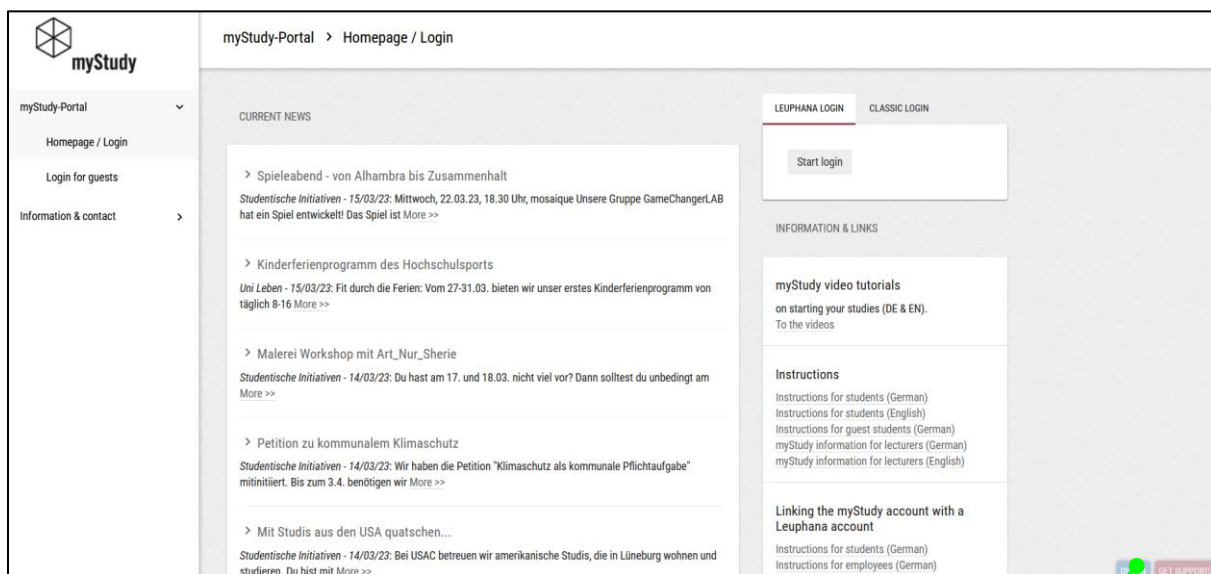

In the following, you will find a step-by-step guide on how to use the **myStudy website** to find **suitable modules** for your **Learning Agreement**.

Please read the information carefully, because we will only accept and sign formally correct Learning Agreements. Incomplete, misleading or incorrect information will result in a temporary rejection of your Learning Agreement and a further editing by you.

1. Open the Webpage www.leuphana.de/mystudy

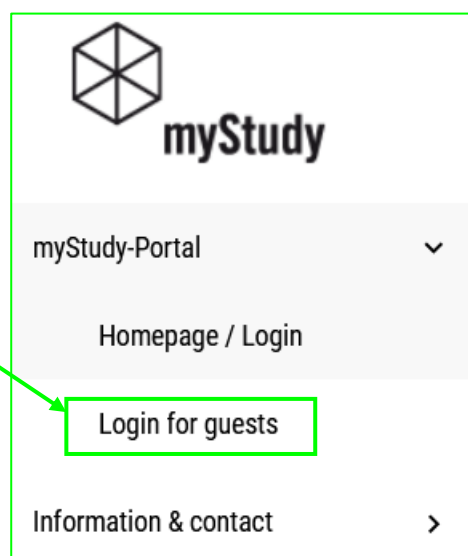

The screenshot shows the myStudy-Portal homepage. The left sidebar contains the following navigation links: myStudy-Portal (with a dropdown arrow), Homepage / Login, Login for guests, and Information & contact (with a right-pointing arrow). The main content area is titled 'CURRENT NEWS' and lists four news items, each with a title, date, and a brief description followed by a 'More >>' link. The right sidebar contains two tabs: 'LEUPHANA LOGIN' (selected) and 'CLASSIC LOGIN'. Below the tabs is a 'Start login' button. Further down is a section titled 'INFORMATION & LINKS' which includes 'myStudy video tutorials' with a link to 'on starting your studies (DE & EN)' and 'To the videos', and an 'Instructions' section with links to 'Instructions for students (German)', 'Instructions for students (English)', 'Instructions for guest students (German)', 'myStudy information for lecturers (German)', and 'myStudy information for lecturers (English)'.

2. You can switch to the English version by clicking on "EN" in the lower right corner.

3. Your toolbar will now look like this:

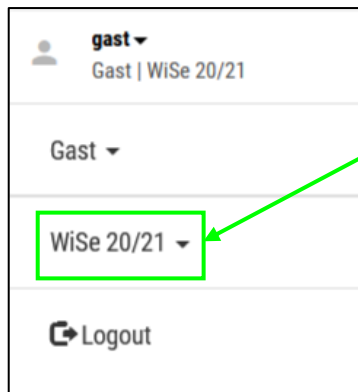

4. Click on „Login for guests“

5. The module catalogue appears

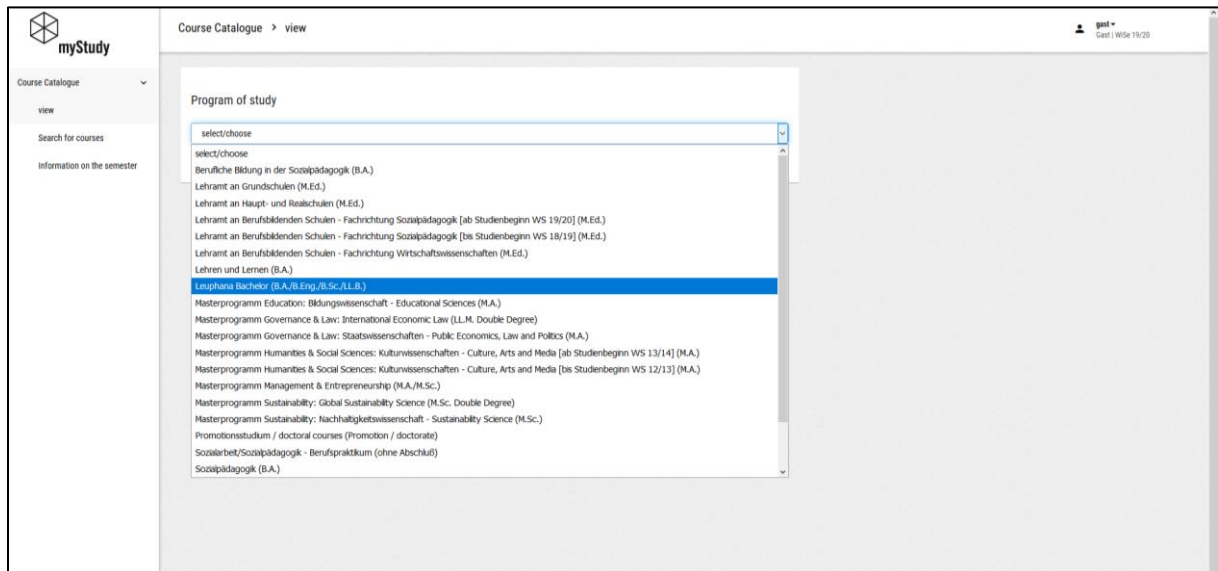

6. Make sure you select the correct semester

You can change semesters by clicking on the currently selected semester in the upper right corner (in this case "WS 20/21").

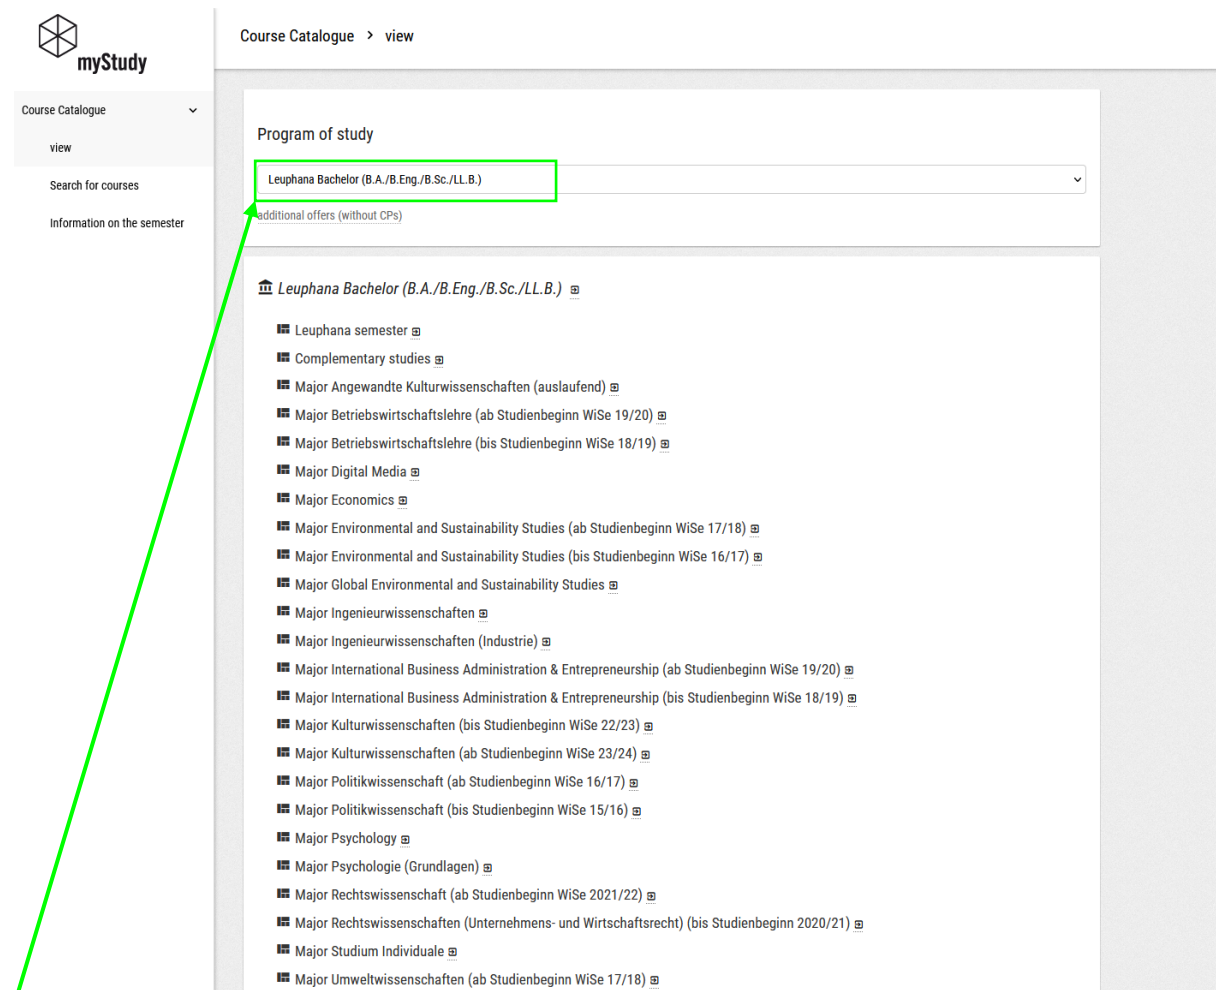

If the course catalogue for the coming semester has not yet been published, please select the previous winter/summer semester (depending on which one you participate in).

7. Now select a study program from which you would like to display modules

If you are a Bachelor/undergraduate student, first choose "Leuphana Bachelor" ...

... and then the desired Major/Minor, e.g. "Major in Cultural Studies" (dt. Major Kulturwissenschaften).

By clicking on the major/minor you can view the study program.

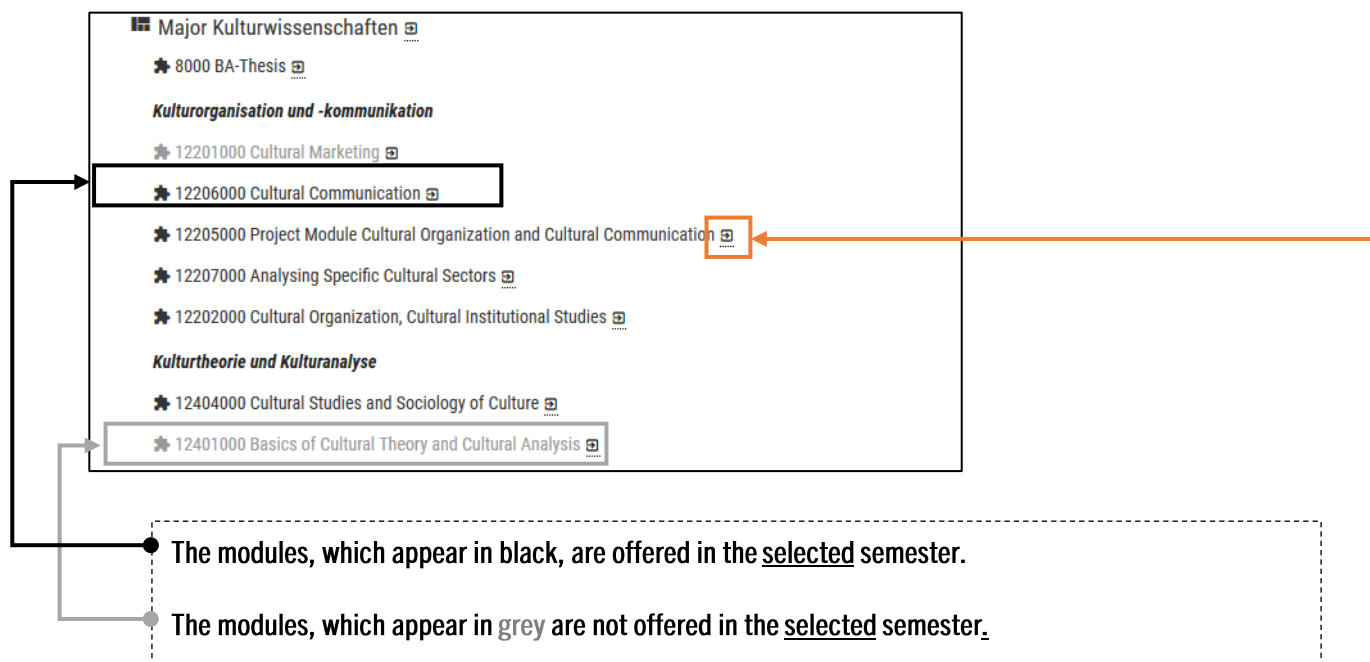

Unless requested otherwise by your home university, **you may - respecting your study level (bachelor/master) - take modules from several different Leuphana major and minor programs.** Approx. 50% of the attended Leuphana modules should relate to your studies back home and/or your study program at Leuphana.

Attention: Bachelor students are only allowed to take courses on a bachelor's level.

EXCEPTION: Students following a 4-year bachelor program may take courses on a master's level only when they are doing their exchange at Leuphana University in their last year of bachelor studies.

8. The list of all modules offered in this Major/Minor/Master program appears

Major Kulturwissenschaften

- 8000 BA-Thesis
- Kulturorganisation und -kommunikation**
- 12201000 Cultural Marketing
- 12206000 Cultural Communication**
- 12205000 Project Module Cultural Organization and Cultural Communication
- 12207000 Analysing Specific Cultural Sectors
- 12202000 Cultural Organization, Cultural Institutional Studies
- Kulturtheorie und Kulturanalyse**
- 12404000 Cultural Studies and Sociology of Culture
- 12401000 Basics of Cultural Theory and Cultural Analysis

The modules, which appear in black, are offered in the selected semester.

The modules, which appear in grey are not offered in the selected semester.

A click on the **module name** below opens the entire course offerings within the module.

A click on the **arrow behind the module name** will take you to the **module description**. The module description is essential and contains detailed information about the semester, examination type, credits, lecturers, courses to be attended and so on. **The information under module description is thus most important for you (see step 9).**

In the list above, you will find two important pieces of information that you need for your **(Online) Learning Agreement**: The **module codes and titles**.

Example:

12206000 Cultural Communication

Module code

„12206000“

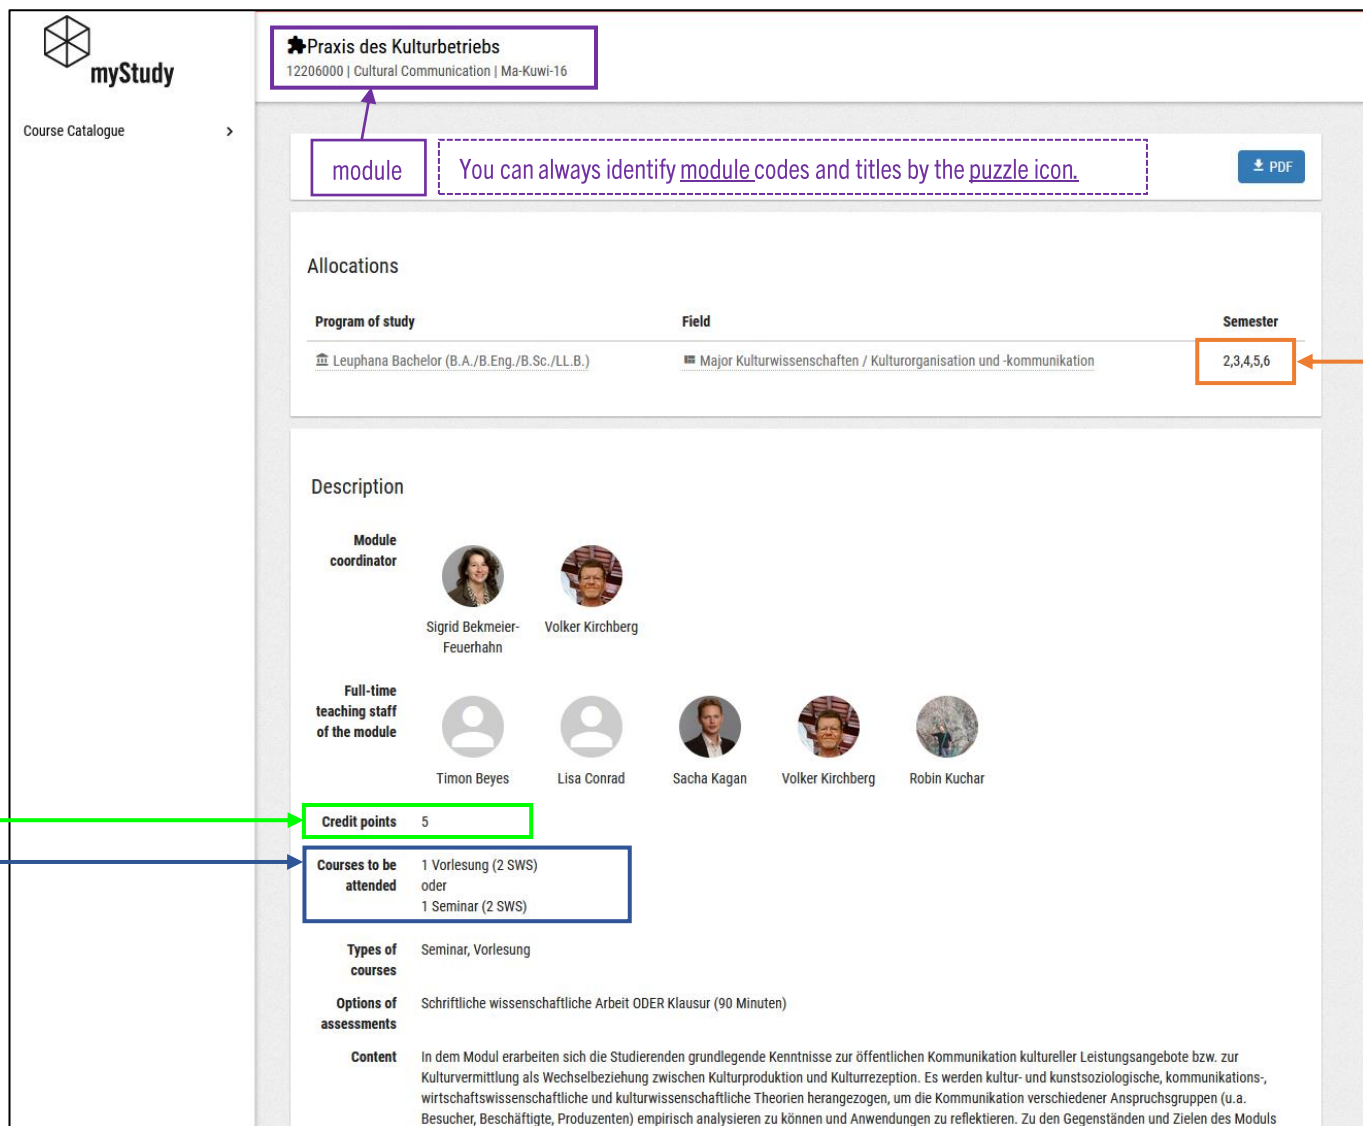

The module code always consists of 8 digits.

Modultitel

„Cultural Communication“

9. Check the detailed information for a module in the module description.

The screenshot shows the myStudy Course Catalogue interface. A purple box highlights the module title 'Praxis des Kulturbetriebs' and its code '12206000 | Cultural Communication | Ma-Kuwi-16'. A purple arrow points from this box to a text box that says 'You can always identify module codes and titles by the puzzle icon.' Another orange box highlights the 'Semester' field, which contains '2,3,4,5,6'. A green box highlights the 'Credit points' field, which contains '5'. A blue box highlights the 'Courses to be attended' field, which contains '1 Vorlesung (2 SWS) oder 1 Seminar (2 SWS)'. The 'Description' section lists the module coordinator (Sigrid Bekmeier-Feuerhahn and Volker Kirchberg) and full-time teaching staff (Timon Beyes, Lisa Conrad, Sacha Kagan, Volker Kirchberg, and Robin Kuchar). The 'Types of courses' are 'Seminar, Vorlesung'. The 'Options of assessments' are 'Schriftliche wissenschaftliche Arbeit ODER Klausur (90 Minuten)'. The 'Content' section describes the module's focus on cultural communication and its theoretical and practical aspects.

Please check again whether the module in question is offered in the **semester** of your exchange.

- Odd numbers (1, 3, 5) mean that the module is offered in the winter semester,
- Even numbers (2, 4, 6) mean that it takes place in the summer semester.

(In this example, the module will take place in both winter and summer semester.)

The module description contains the number of **credit points** ("ECTS") the module is worth.

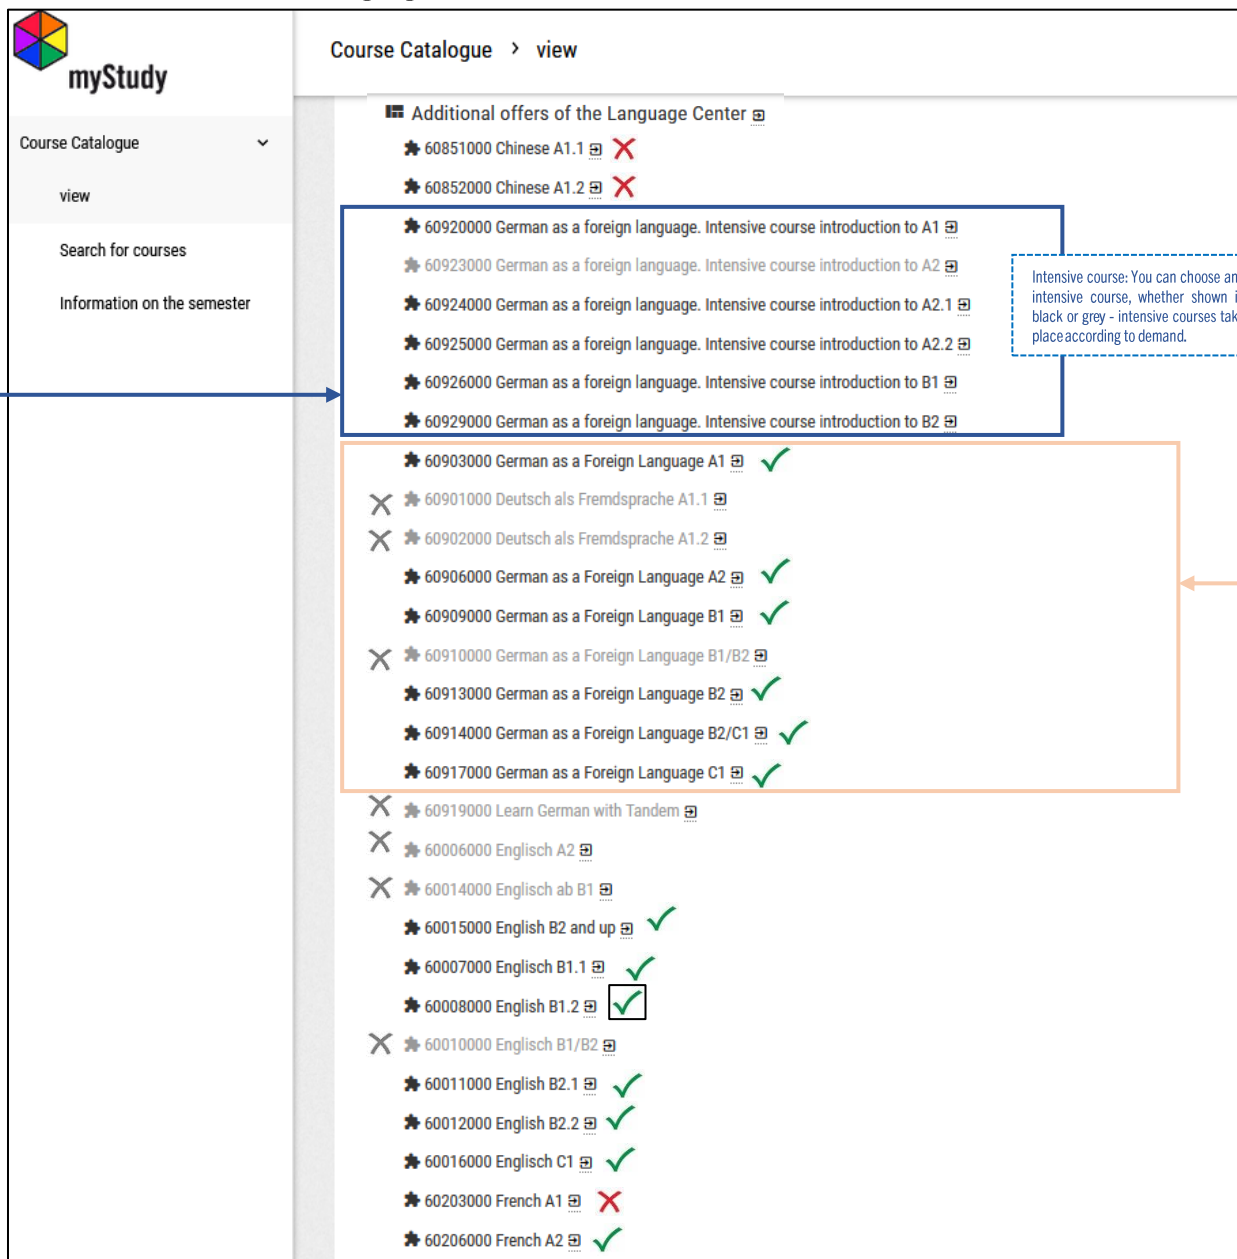

Usually, the Leuphana modules count 5 credit points (CP).

ATTENTION: Please note that credit points are only awarded for passed modules as a whole. For this, you must later complete all **courses/module components to be attended** (e.g. lecture, seminar, tutorial... – as indicated for the successful completion of the module). You may have to attend more than one of the courses offered in the module to complete a module. For example, a lecture and an accompanying seminar. If several options are offered, you can choose your favorite after the start of the semester.

Please note: Some modules are worth 10 credit points. Usually, those modules take place over two semesters. If you stay at Leuphana University for only one semester, you cannot choose this module.

(The example above shows that you have to attend either a lecture or a seminar to pass the module).

10. Search language courses via "Leuphana Bachelor" → „Additional offers of the Language Center“ / “International Center: Language offer”

Intensive course: You can choose any intensive course, whether shown in black or grey - intensive courses take place according to demand.

Again, modules in **black** are offered in the selected semester, modules in **grey** are not.

Each module under „Additional offers of the Language Center “ worth 4 SWS (hours per week) is credited with **5 Credit Points** for international exchange students.

With the exception of German, **beginner language courses (A1/A1.1/2)** cannot be taken by exchange students.

If you participate in the [Language and Orientation program](#), please list the module title and code of the [German intensive course module](#) as indicated in myStudy in the (Online) Learning Agreement with **5 credit points**.

In addition, you can select a **German Language module** which takes place during the semester and list it with **5 credit points** in your (OL)A.
