

LEUPHANA
UNIVERSITÄT LÜNEBURG

ADMISSION PROCESS: STUDIUM INDIVIDUALE

WINTER TERM 2019/20

The allocation of study places at Leuphana College is divided into **two quotas**.

Up to 20% of all available places in the Studium Individuale (39 places) will be awarded to applicants qualifying **advance and special quotas**. The remainder, and a minimum of 80% of all available places, will be assigned via the **main quota**.

If you qualify for an **advance or special quota**, your application will not be processed via the main quota of the admission process. In this case, your results from the admission exam / interview will not be used as a part of your assessment. Therefore, it is **not necessary for you to participate in the admission exam / interview**.

THE FOLLOWING GUIDE WILL HELP YOU DECIDE WHETHER YOU QUALIFY FOR ONE OF THE ADVANCE AND SPECIAL QUOTAS:

Do you hold a university entrance degree from a non-EU country?

- Your application will be processed via the advance and special quotas. Your participation in the admission exam / interview is not required.

Do you qualify for a "case of hardship" which warrants for immediate admission?

- Please carefully check the "[Application for hardship cases](#)" (Leuphana). If you qualify for immediate admission under these criteria, your participation in the admission

exam / interview is not necessary. If you are unsure whether your application might qualify for this quota, please contact the [Information Office](#) (Infoportal) of Leuphana University.

Do you already hold a higher education degree (Bachelor's degree) from a German higher education institution?

- Your application will be processed via the advance and special quotas. Your participation in the admission exam / interview is not necessary.

Do you hold a professional qualification?

- Please check the creditability of your qualification for the Studium Individuale. To get more information on the creditability of your professional qualification, please contact the [Information Office](#) (Infoportal) of Leuphana University. If you qualify under this criterion, your application will be processed via the advance and special quotas. Your participation in the admission exam / interview is not necessary.

IF YOU DON'T QUALIFY FOR ADMISSION VIA ADVANCE AND SPECIAL QUOTAS, YOUR APPLICATION WILL BE PROCESSED IN THE MAIN QUOTA.

In the main quota, 25% of the remaining study places will be awarded to the applicants with the most points considering marks and extracurricular qualifications (step 1).

Applicants who have not been granted admission in step 1, have the chance to attend the admission test and admission interview (step 2).

For more information on the different steps of the admission process and the registration for the admission exam / interview, please follow the respective links below.
