**4<sup>TH</sup> TO 6<sup>TH</sup> OCTOBER 2021**

Thank you for your registration for this year's Masters Kick-Off at Leuphana University. We, at Graduate School, are really looking forward to see you. We have prepared this document for you to take another look at the programme to which we have now added the links for the online events and the rooms for the events on campus.

For any additional information, contact info and spontaneous changes feel free to visit the website of the Masters Kick-Off: <https://www.leuphana.de/en/graduate-school/getting-started/master-kick-off.html>

## GENERAL INFORMATION

During the Masters Kick-Off, you will have the opportunity to get to know the university, your study programme and your fellow students. In addition to introducing the complementary studies, myStudy and QIS, we prepared workshops about study culture and Educational Expectations for you. You can also get in contact and exchange with your student representative and ask all your questions.

Our Masters Kick-Off will be divided into several slots that you can attend via the video communication tool Zoom or on campus. The links to each slot are provided in the timetable below but can also be found on [our website](#) on the day of the event.

Please make sure to log in on time so you don't miss any information due to technical difficulties or similar.

## TECHNICAL REQUIREMENTS

To guarantee a trouble-free participation in Masters Information Day and to make sure you can take part in each of the sessions, please make sure to have:

## CODE OF CONDUCT IN THE DIGITAL SPACE

Since we meet up in digital space, there are three guidelines which we want to friendly advice you on:

1. Please **mute your microphone** during the sessions. Background noises can be disturbing for others.
2. We want to warmly invite you to **turn on your camera**. For our lecturers it is always more convenient to talk to real faces instead of black boxes.
3. **Be respectful** with each other. The Leuphana University of Lüneburg is committed to the overall social goal of providing good learning, working and living conditions to create research conditions in the sense of a university culture that is gender- and diversity-appropriate and appreciative. If you insult others or make discriminatory statements, you will be excluded from the meetings.

### What do the room numbers mean?

Room number = location, house, floor and room. For example:  
C7.209 >> maincampus, house 7, second floor, room 09.
