

MASTERS INFORMATION DAY

18TH MARCH 2021

Thank you for your registration for this year's digital Masters Information Day at Leuphana University. We, at Graduate School, are really looking forward to it and we hope that you are too. We have prepared this document for you to take another look at the programme to which we have now added the respective links to the online event.

For any additional information or contact info, feel free to visit the website of Masters Information Day:

<https://www.leuphana.de/master-information-day/>

GENERAL INFORMATION

On the Masters Information Day, you will have the opportunity to get information about our Masters programmes at first hand. In addition to introducing the study model, the admission and admission requirements and explaining the application procedure, we offer presentations of our study programmes, which are given by lecturers - usually the programme managers. You can also get in contact and exchange ideas with current students at Graduate School.

Our Masters Information Day will be divided into several slots that you can attend via the video communication tool Zoom. The links to each slot are provided in the timetable below but can also be found on [our website](#) on the day of the event.

Please make sure to log in on time so you don't miss any information due to technical difficulties or similar.

TECHNICAL REQUIREMENTS

To guarantee a trouble-free participation in Masters Information Day and to make sure you can take part in each of the sessions, please make sure to have:

- a camera,
- a microphone,
- a stable internet connection,
- **the latest version of zoom installed.**

It is really important to have the latest version of Zoom installed to take part in the Student Café. Here you need the function to switch independently between several Break Out Rooms. Please check your Zoom version by following this guide: <https://support.zoom.us/hc/en-us/articles/201362233-Aktualisierung-auf-neueste-Version-aktualisieren>

16.00 END OF THE MASTERS INFORMATION DAY

CODE OF CONDUCT IN THE DIGITAL SPACE

Since we meet up in digital space, there are three guidelines which we want to friendly advice you on:

1. Please **mute your microphone** during the sessions. Background noises can be disturbing for others.
2. We want to warmly invite you to **turn on your camera**. For our lecturers it is always more convenient to talk to real faces instead of black boxes.
3. **Be respectful** with each other. The Leuphana University of Lüneburg is committed to the overall social goal of providing good learning, working and living conditions to create research conditions in the sense of a university culture that is gender- and diversity-appropriate and appreciative. If you insult others or make discriminatory statements, you will be excluded from the meetings.

YOUR FEEDBACK IS IMPORTANT TO US!

After Masters Information Day, please consider taking part in our evaluation survey. It only takes 5–10 minutes. Your feedback helps us to overthink the Masters Information Day's organisation and to improve future processes. Thank you for your support! Click [here](#) to get to the survey. You will also get a reminder shortly after the event.

Thanks again for your participation. We hope to welcome you at Leuphana Graduate School soon!
