## ERASMUS MUNDUS MASTER IN INTERNATIONAL LAW OF GLOBAL SECURITY, PEACE AND DEVELOPMENT

The Erasmus Mundus Master in International Law of Global Security, Peace and Development (ILGSPD) is designed to train the next-generation of lawyers and policy-makers with the ability to navigate the political context of international law, and the comprehensive knowledge needed to engage with the issues of global security, peace and development.

**The world is facing unprecedented, complex and interconnected challenges.** With increasing violence due to armed conflicts, terrorism and violent extremism, deepening socio-economic fragility and inequality, massive flows of refugees, climate change, and the development of new technologies like cyber technologies and Artificial Intelligence, the contemporary world order appears to be increasingly destabilized.
