

FACTSHEET

BSC IN ECONOMICS

This internationally oriented program provides a strong understanding of economics in relation to politics, corporate strategies, and human behavior. Students develop mathematical and communication skills to analyze real-world economic challenges, address the production and distribution of goods and services, and contribute to improving societal well-being.

APPLICATION & ADMISSION

Entry requirements: university entrance certificate, English language certificate

Admission process: selection via grades, achievements & optional aptitude test

HIGHLIGHTS

1. You gain strong analytical and quantitative skills through mathematical, statistical, and empirical economic methods to understand real-world economic issues.
2. The Economics program is fully taught in English and internationally oriented, preparing students for global economic contexts.
3. The curriculum allows combining the economics major with various minors and complementary studies for an individualized, interdisciplinary education.

WHY STUDY AT LEUPHANA UNIVERSITY?

1

INNOVATE STUDY MODEL

Bachelor's degree with Leuphana semester, major, minor, and complementary studies: you combine specialist knowledge with interdisciplinary perspectives.

2

SUSTAINABILITY & RESPONSIBILITY

Leuphana is one of Europe's pioneers in sustainability – here you will learn how to actively shape the future.

3

CAMPUS & COMMUNITY

A green, modern campus, short distances and a lively student scene ensure a genuine sense of community.

4

PRACTICAL EXPERIENCE & CAREER OPPORTUNITIES

Close exchange with companies, start-ups and organizations prepares you optimally for your career start.

5

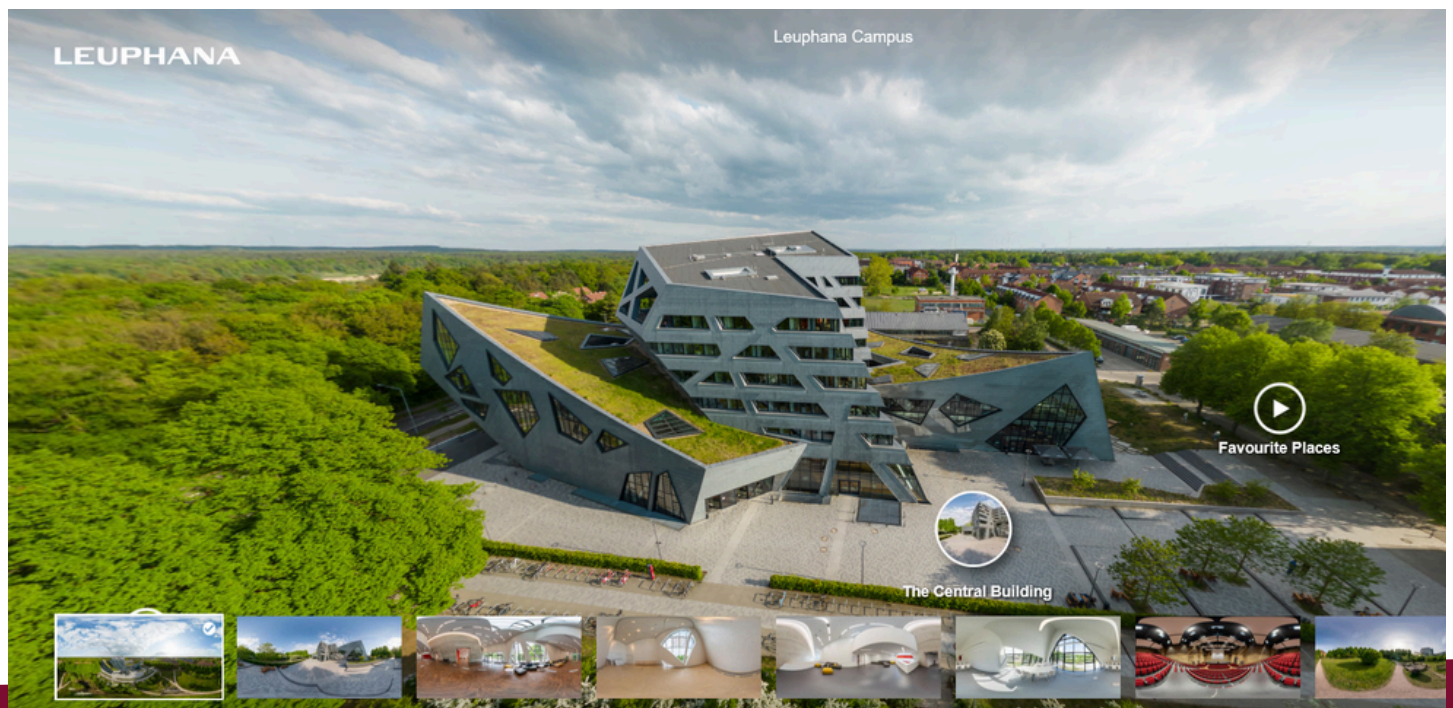

INTERNATIONALITY & NETWORKING

Partner universities worldwide, summer schools and exchange programs open doors for you in all directions.

FAVORITE PLACES ON CAMPUS

Students often gravitate toward the campus lawns and courtyards to relax or study outdoors, while the library and open learning spaces are go-to places for focused work. The cafés and common areas around the Central Building are especially popular as casual meeting points before and after classes.

Biotope garden

Leuphana's biotope garden is a quiet, green retreat on campus where students enjoy relaxing, observing nature, and taking a break from everyday university life.

Sports facilities

Leuphana's sports facilities offer students a wide range of courses, gyms, and indoor halls that make it easy to stay active, try new sports, and balance studies with physical well-being.

Library

Our library is a central study hub on campus, offering quiet reading areas, co-working spaces and long opening hours that make it a favorite place for focused studying.

Co-working spaces

Leuphana's co-working spaces provide flexible, modern environments where students collaborate on projects, work independently, and exchange ideas across disciplines.

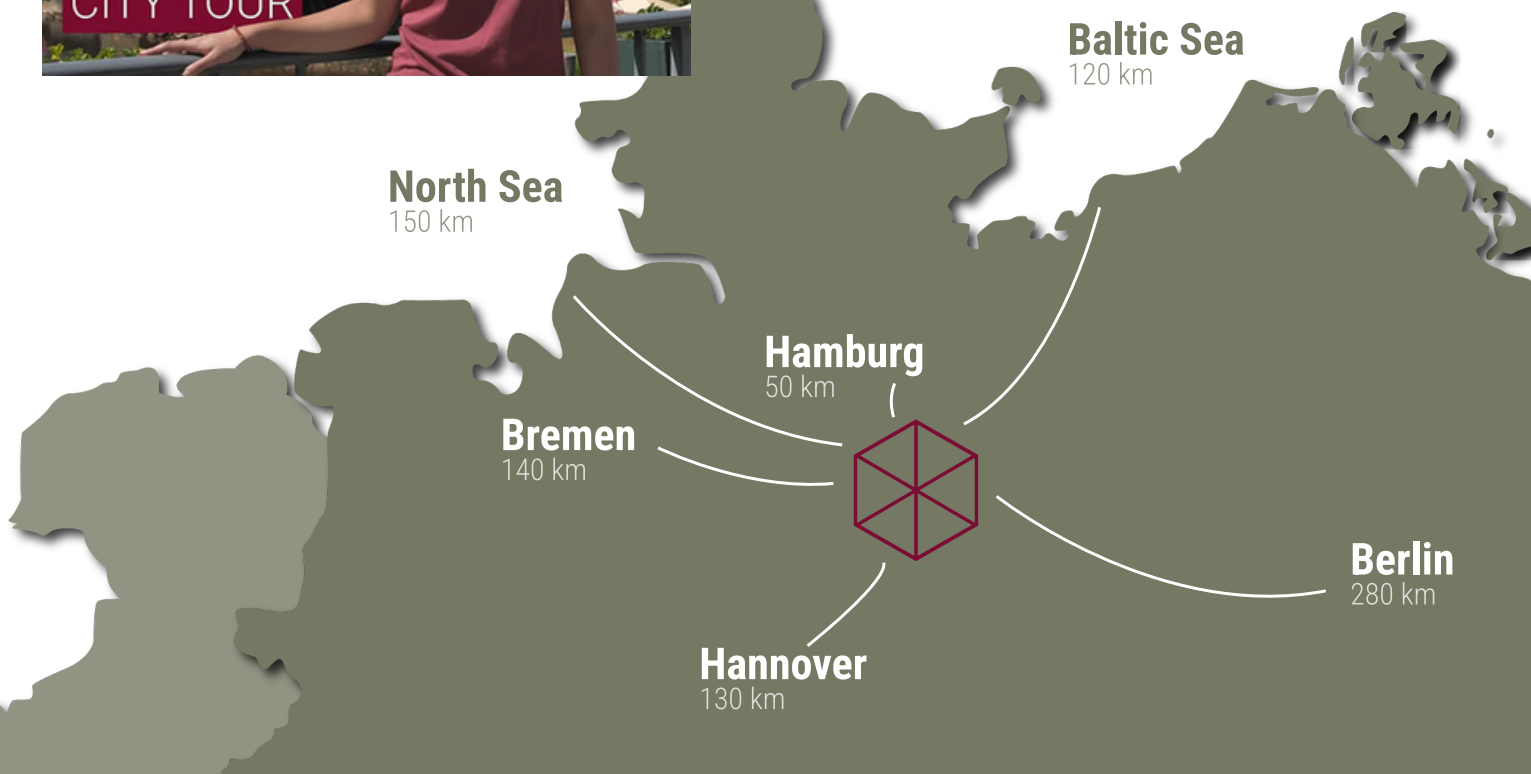

HANSEATIC, SALT AND STUDENT CITY

LÜNEBURG

The charming city of Lüneburg combines centuries of history with a vibrant student atmosphere. Known for its stunning medieval architecture, lively old town, and rich salt-trading past, Lüneburg offers a unique blend of tradition and modern student life. Whether you're exploring cobbled streets, enjoying café culture, or engaging in interdisciplinary studies, Lüneburg is a welcoming and inspiring place to live and learn.

Experience Germany from the heart of the North – in Lüneburg!

Lüneburg offers the perfect balance between a peaceful small-city lifestyle and easy access to major destinations. With Hamburg just a short train ride away, you're connected to one of Germany's largest and most dynamic cities. Berlin, Bremen, and Hannover are also all within easy reach, and the North and Baltic Seas are ideal for weekend trips. Whether you're craving cultural experiences, nature, or travel, Lüneburg is a great starting point for your journey through Germany.
