Workshop title and facilitators

What is the title of your workshop and who will be facilitating this (as moderators, organisers, hosts)?

Abstract (100)

Overview and topicality (~400-500 words)

What is the theoretical basis of your proposal and your positioning within entrepreneurship research and this event? How do you address transformation and/or impact?

Workshop style (~300 words)

Is there a specific method or process you rely on? How do you want to engage participants? Do you want to include cooperation partners into your workshop?

Learning Objectives (~200 words)

What are the participants supposed to learn from your workshop? What are the key messages that you want participants to get from and experience in your workshop?

Target groups and conference tracks (~200 words)

Which target groups do you want to address with your workshop? In which conference track do you position your workshop?

Process and procedure (~200 words)

How is the workshop (roughly) structured? Do the participants go through different phases in the workshop? What are the main steps? (just a brief sketch on what you imagine)
