YOUR QUALIFICATION FOR THE EUROPEAN AND INTERNATIONAL LAW

European and international law is becoming more important for lawyers. The certificate “European and International Law” is giving you an introduction into the crucial norms of European as well as international economic law. You will be learning from a number of renowned experts on European and economic law. Furthermore, you will get an introduction into competition and regulation law. That way you learn about different dimensions of economic law. The certificate is taking place entirely online and is therefore tailor-made for professional students.
