How to connect to the Wi-Fi

## 1 Which WiFi do I need?

Leuphana

- for all students and employees of Leuphana
- Internet and intranet access
- with login details

eduroam

- for all students and employees of Leuphana University and eduroam member institutions
- Internet and intranet access
- with login details

2 Connecting to the Wi-Fi

1. Open your Windows settings and go to *Network & Wi-Fi → Wi-Fi → View available networks*.
2. Navigate to the required Wi-Fi network.
3. For **Leuphana** and **eduroam**, please log in with *firstname.lastname@(stud.)leuphana.de* and your Wi-Fi password.
4. Alternatively, you can select and connect to the Wi-Fi via the Wi-Fi menu in the top menubar.
5. Confirm the connection and the following prompt with *OK* and *Connect*.
