DFNConf Pexip Videokonferenz

You need:
- Internet-enabled computer / laptop
- Internet access; We recommend wired internet for the maximum stability of the connection. W-LAN is not as stable as wired connection and has usually a significantly lower bandwidth
- External webcam if your computer / laptop doesn’t have an integrated webcam
- External USB microphone or an audio interface with microphone, if your computer / laptop doesn’t have an integrated microphone or if you wish to have a better audio quality
- Please use headphones to avoid acoustic feedback

Join the Videoconference

We suggest to use Google Chrome.

Copy the link you got sent into the your internetbrowser. Now you should see this overlay:
Next click on „Allow“.

Now type a Name that is shown to the other participants in the conference and click on „OK“.
